9	Your suggestions for the improvement of the college.	

Feedback analysis report for the year 2017-18

Analysis of feedback taken from various stakeholders plays an important role in enhancing the quality of the higher education institution. The opinions and suggestions given by the stake holders are actual inputs for the developmental work of the college. The lapses, weaknesses and drawbacks raised by the students, parents and alumni will be considered for continuous improvement of existing system. We are effectively practicing the method of obtaining feedback both by formal and informal methods. We have obtained the feedback from students, parents and alumni members in the prescribed format as per NAAC guidelines.

Our feedback analysis system has covered the following areas.

- Curriculum aspects
- Teaching-Learning and evaluation methods
- The availability of library resources, infrastructure facilities and sports and games.
- Administrative reforms
- Organizing of various academic activities.
- Regular involvement of teaching and non-teaching staff in college works.

The informal opinions and the feedback forms collected are analyzed by the feedback analysis committee headed by the principal and senior staff members. The report of feedback is then discussed in the staff meeting. Few of our senior teachers present their view in BOS and BOE of their respective subjects orally which will be considered while revising the syllabus.

The Feedback/opinions of students on teachers is discussed in the staff meeting and informed to the staff members to consider their weakness pointed out by the students for update and improvement of their skills and work efficiency for the betterment of student community. Our teachers are highly dedicated, committed and consider the opinions given by the students, parents and alumni positively. They are showing great interest in updating themselves in accordance with the needs of changing time. This helped us to sustain the quality and to work for the satisfaction of the stakeholders. Feedback formats are used for collecting the opinions of students, parents and alumni members.

PRINCIPAL,
A.R.G. College of Arts & Commerce
